

### Coding Class as Blended Learning Check List

Please use the form below in order to complete the process to code your teacher/class as Blended Learning. If you are able to answer all items in the affirmative then please go to <http://innovativelearning.browardschools.com/blended-learning-verification> to submit electronically

1. A percentage of the class/course is delivered online

Yes       No

2. Content is delivered either through a:

Learning Management System (CANVAS)       Integrated Learning System (ILS)

3. If an Integrated Learning System, please indicate which one is being use so that the Office of Academics can determine the viability of the proposed program.

4. The classroom teacher has gone through at least one of the following trainings:

- 2-day (12-hours) Canvas Training for Educators
- 4 afternoon (12 – hours) Canvas Training for Educators
- 10-module Teach 360 Online Canvas Course
- Schoology Training with Digital Classrooms (D3, D4, D5)
- Pathways 101 Training
- Redbird Levels 2 - 4 online training

5. If a teacher has participated in an alternative blended learning training opportunity, you can upload an artifact for district review to determine if professional development applies.

6. Teacher has access to computers regularly

Yes       No

7. Student can access the online material outside of the school day or class period

Yes       No

8. A standard curriculum of study, of equivalent rigor and student performance expectations to a non-blended course, is utilized for both the in-school and digital learning experiences

Yes       No
